## Features

- CapLock Action Camera Helmet Mount
- 3M VHB tape enhances reliability
- The adjustable dual-ball head allows 360° adjustment
- Multiple interfaces for broad compatibility
- Foldable design, easy to carry and store
- Efficient assembly and disassembly
- Security lock ensures reliability

CapLock Action Camera Helmet Mount is designed to support action cameras on your helmets for creative and action-packed filming. Utilizing 3M VHB tape, it ensures a strong and reliable bond between the mount and your helmet. The dual ball head construction allows 360° tilting and rotating capabilities, effortlessly adjusted via a wingnut. Foldable and compact, it is designed for effortless portability and storage. And the quick-release mechanism and security lock ensure a stable installation. With its action camera adapter and 1/4" adapter, it offers broad compatibility with action cameras and smartphones.

## **Liberate Your Hands**

Mount your action camera on smooth surfaces like helmets or dashboards to capture moments spontaneously during your activities.

## **Swift Assembly & Disassembly**

The adhesive base can be detached from the main body, allowing effortless gear removal and easy installation.

## **360° Panoramic View**

The dual-ball magic arm provides a complete panoramic view with a single locking wingnut for rapid adjustments.

## **Safe and Steady Connection**

3M VHB adhesive base ensures a rock-solid connection. Attach the safety base to your helmet's side so that you can fix your gear to the safety lanyard.

## **Universal Compatibility**

Including an action camera adapter and a 1/4" adapter, it works well with various devices.

## **Robust Aluminum Alloy**

Robust aluminium alloy combined with plastic brings a sturdy and enduring construction.
