

PGYTECH Camera Cold-proof Warm Cover

ProdCode: PGYPGM362

Cold and water proof camera cover - Telephoto edition

[\[Download Images\]](#) (.zip file)

Features

- Cold and water proof camera cover
- Seam-sealed technology (seamless means that the filling is compartmentalized using press-gluing, which does not create additional pinhole seams, but still creates partial quilting at cuffs, etc.)
- Filled with 35g of white duck down, with 90% down content and a 650+ fill power rating
- Adjustable lens sleeve accommodates lenses of different lengths. The telephoto edition is equipped with an independent lens sleeve (suitable for 150-450mm lenses)
- The tightenable double sleeve design can fully lock in warmth and prevent fogging
- It comes standard with a storage pouch, easy to storage and carry

Lock in Warmth, Shoot with Ease

- High FP Down
- Warm & Anti-Fog

- Seam-Sealed Technology
- Adjustable Lens Sleeve

90% White Duck Down

It can effectively extend camera battery life

- 35g Fill-Weight
- 90% Down Filling
- 650+ Fill-Power

*Higher fill power numbers indicate greater loft and insulating efficiency

Skin-friendly Velvet Lining

Soft, comfortable and warm

Seam-Sealed Technology

No more pinholes and nowhere for the down to run.

Adjustable Lens Sleeve

The snow-proof cover can prevent snow from landing on the lens.

Adjustable drawstrings on both sides can adapt to different lens lengths.

Clear See-through Pane

Clear polyether window for framing and screen monitoring, resistant to yellowing over time.

Easy to Store and Carry

It comes with a storage pouch that can be attached to your backpack without taking up space.

More Details

- **IPX4-rated Water-Repellent Fabric**
Rainwater will bead up and roll off, making the interior less likely to get wet.
- **Two-way YKK Zippers for Easy Operation**
Quickly access your camera and allow use of a tripod

- **NIFICO High-Strength Buckles**

Built to last, it can endure tough outdoor conditions
