Magnetic Mobile Phone Fill Light - Black

[\[Download Images\]](#) (.zip file)

Features

- Magnetic Mobile Phone Fill Light
- Slim Design: Overall thickness is controlled at just 10.5mm
- Button-Controlled Brightness: Short press the brightness button to cycle through three brightness levels (15%, 50%, 100%)
- 300mAh Battery Capacity: Provides 30 minutes of high-brightness supplementary lighting
- Magnetic Attachment: The base of the fill light is designed with magnets, allowing it to easily attach to MagSafe-compatible phones or phone cases. It can also be magnetically attached to the PGYTECH MagCam Phone Grip
- Stepless Rotation: The light features a damping hinge, allowing it to rotate freely and hover at any angle to meet different lighting needs
- Three Color Temperatures: After powering on, short press the power button to cycle through three color temperatures (2500K/5500K/9000K)
- No-Coating Process: The fill light uses a no-coating process, creating a paint-splash effect on the surface

This product is a magnetic fill light designed for phone photography enthusiasts,

providing supplementary lighting in low-light conditions. The light features a magnetic base, allowing users to easily attach it to the back of MagSafe-compatible phones, phone cases, or use it with the PGYTECH MagCam Phone Grip.

The fill light is designed in a ring shape to add a dazzling 'eye sparkle,' ensuring every selfie radiates with captivating charm. It has a hinge that allows it to rotate up to 290° with smooth, stepless adjustment. Powered by a built-in 300mAh lithium battery, it charges through the Type-C port at the bottom. With 34 bright LEDs, it provides 30 minutes of continuous lighting.

After turning it on, a short press of the power button lets you cycle through three color temperature settings, while a short press of the brightness button cycles through three brightness levels (15%, 50%, 100%).

The biggest advantage of this fill light is its slim profile. With a thickness of just 10.5mm, it's far thinner than most similar magnetic fill lights on the market, which are typically around 14-15mm, making it exceptionally lightweight and portable.

In the box:

- 1x Fill Light
- 1x Magnetic Ring
- 1x User Guide
- 1x Logo Sticker
- 1x Marketing Card
