

PGYTECH MagCam 2 Phone Grip

ProdCode: PGYPPG082

MagCam Phone Grip - Misty Gray

[\[Download Images\]](#) (.zip file)

Features

- MagCam Phone Grip
- Modular Design: Three-in-one modules – can be used separately or together for flexible shooting
- Charging Grip Module: Built-in 3000mAh battery, Type-C charging, 10W wired output, and powers stand/remote; quick-release for easy assembly, with wrist strap hole
- Magnetic Bluetooth Remote Module: Magnetically attaches to the grip. Supports Android and iOS, offering quick camera launch, half-press focus, capture, continuous shooting, mode switch, zoom adjustment, and front/rear lens switching (some models such as vivo, Samsung, Sony may have compatibility limits)
- Built-in Camera App/PGYTECH Pro Imaging app Support: iPhone users can fully integrate with the PGYTECH Pro Imaging app to unlock advanced features, while Android users can control and expand functionality via their device's built-in camera app

Sync with the PGYTECH Pro Imaging App for Effortless Creativity

MagCam 2 redefines mobile photography interaction. Connect via Bluetooth to your iPhone and unlock the full potential of the PGYTECH Pro Imaging App.

- **Bluetooth Remote Control**

One-touch access to shutter, video recording, lens switching, mode selection, and zoom.

- **Newly Designed Custom Dial**

No need to touch the screen. Adjust focus, exposure, ISO, and more with a fingertip for uninterrupted shooting rhythm.

- **Pro App Mode**

Manual controls, pro-grade filters, and custom watermarks give your shots DSLR-level quality.

Wireless Charging for the Moment

One-Touch Charging|Battery Indicator|Air Travel Compliant

The built-in 3000mAh battery enables MagSafe wireless charging, keeping the juice flowing while you snap away.

One Tool, Multiple Uses

- **Modular split design.**

Easy to detach, easy to carry. One solution for both shooting and daily use.

- **Bluetooth Remote Module Becomes a Pocket Shutter**

Control shutter, video, lens switch, and framing remotely with one click. Perfect for group shots and travel selfies.

- **Wireless Charging Module Becomes an EDC Stand**

Quick-release design transforms into a magnetic EDC stand in seconds. Carry it effortlessly, enjoy binge-watching anywhere.

- **Grip Module Becomes a Compact Power Bank**

3000mAh capacity in a sleek, pocket-size design.

Install & Lock: Steady as You Go

The wireless charging and grip modules feature a snap-fit quick-release design, enabling fast, secure switching between shooting and daily use.

*After quick release, the EDC module stays on your phone for everyday use.

Frame Your Way, Snap All Day

Switch from portrait to landscape with ease—whether it's a quick clip or a full-length video, you're always ready to roll.

Instant Stand, Effortless Creativity

The grip paired with the wireless charging module instantly transforms into a desktop stand. The trapezoidal design provides a natural viewing angle and stable support. Perfect for reviewing, editing, or shooting with ease.

Magnetic Support for Every Shot

MagSafe design for simple, secure operation.

- With dual-sided magnet to attach an additional fill light.
Note: Fill light is sold separately.
- Comes with A Magnetic Ring
With a magnetic ring, it is also compatible with non-MagSafe phones like Android.
Note: Best used with a MagSafe case (not recommended for use with bare phones).

Elegant Grip and Stylish Feel

The handle is wrapped in high-quality faux leather, offering a non-slip grip.

Thoughtful Details for Secure and Flexible Use

The bottom features a lanyard hole for easy carrying.
1/4" thread hole on the bottom for tripod and accessory compatibility.
