

PGYTECH Ronin Stabilizer Quick Release Clamp

ProdCode: PGYPRH167

Quick release Camera plate for DJI RS2/RS3 Series

[\[Download Images\]](#) (.zip file)

Features

- Quick-release Camera plate for DJI RS2/RS3 Series
- Quick-release system delivers smooth operation
- Widely compatible with Ronin stabilizers
- Quick release plate has a patented tight-fitting screw
- Aluminium-alloy material that can withstand intense use

Replace the original DJI quick-release clamp without affecting balancing, PGYTECH Ronin Stabilizer Quick Release Clamp helps the smooth operation between camera and stabilizer and also makes it easier for you to switch among stabilizers, tripods and sliders.

Designed with two different ports, it works well with many DJI RS3 / RS2 series stabilizers. The Arca-type quick-release plate uses a patented tight-fitting screw containing a thrust needle roller bearing, ensuring sustained tight fit. It is made of lightweight yet durable aluminium alloy.

With Two Ports For Different Stabilizers

Harmonize with many stabilizers of DJI RS3 series and RS2 series.

- Using Bottom Port: DJI RS 3 Mini
- Using Side Port: DJI RS 3 Pro, DJI RS 3, DJI RS 2, DJI RSC 2

Patented Quick Release System

Goodbye to Stress and Hello to Smooth

Replace the original DJI quick-release clamp without affecting balancing, this product helps the smooth operation between your camera and stabilizers, tripods, and sliders.

- **Install Quickly**

Arca- type quick-release plate can be installed instantly while the side security lock brings added peace of mind.

- **Keep Your Gear Connected**

The quick-release plate also fits well with the PGYTECH Beetle camera clip and PGYTECH Arca-type quick-release clamp, bringing a hassle-free workflow.

- **Patented Tight-fitting Screw**

The quick-release plate uses a patented tight-fitting screw containing a thrust needle roller bearing to ensure sustained tight fit.

Aluminium-alloy Withstands Intense Use

It is made of lightweight yet durable aluminium alloy.
