### Features

- Compact, High-performance scanner for documents and cards
- Flexible paper handling
- Scans long documents
- Ideal for card scanning

High-performance scanner for documents and cards for the hospital administration desk

Plustek MobileOffice D430 Plus is a high-speed scanner with a compact design that is ideal for vertical market applications that require ID, embossed card, and document scanning from 1.5x1.5" up to 8.5x50".

### Ideal for card scanning

The MobileOffice D430 Plus is designed for scanning cards up to 0.8mm thick including credit card, driver's License, ID card, medical cards, membership cards and immigration cards.

## Scans long documents

Scan documents up to 50" long. Increase the flexibility of implementation.

## Flexible paper handling

The unique paper handling system provides a choice of eject options. You can eject documents out of the rear or top of the scanner. Rear card ejection and top document output make the scanner compact and easy to place against a wall.

## Flexible paper handling

The unique paper handling system provides a choice of eject options. You can eject documents out of the rear or top of the scanner. Rear card ejection and top document output make the scanner compact and easy to place against a wall.

The Plustek Mobile Office D430 is the ideal scanner for healthcare. It's small at only 12" x 4" x 2" (W x D x H), and fast.

- Pharmacy:  
Both sides of an ID card are scanned in less than two seconds and both sides of a prescription in less than three seconds.
- Patient Registration:  
The MobileOffice D430 Plus is also a great solution for scanning patient registration documents and insurance cards. The small footprint and unique paper exit system enable it to be used on crowded registration desks.

## OCR and Searchable PDF <sup>[1]</sup>

The MobileOffice D430 Plus includes the Plustek OCR<sup>[1]</sup> function, which helps convert scanned paper documents; such as receipts, invoices, and delivery notes into searchable PDFs or editable files.

## SDKs Available

The following SDKs are available to integrate the MobileOffice D430 Plus into your application.

- MRZ
- Driver's License & State issued ID card
- OCR Library
- Scanning & Image Enhancement

Customized SDK licensing terms are determined by the region and may involve relevant charges tailored to the particular recognition reading needs.

## **Bundled Software**

### **DocAction Single touch scanning**

Nine customizable single touch buttons enable you to automate frequent scanning tasks. DocAction enables you scan to Printer, Email, Folder, Network Share or FTP at the touch of a button.
