

Plustek OpticBook 4800

ProdCode: PLUS6544

A4 Flatbed Scanner

[\[Download Images\]](#) (.zip file)

Features

- A4 Flatbed Scanner
- Fast Scanning Speed - 3.6 sec. for an A4-size color, grayscale, B/W scan at 300 dpi
- 2mm Book Edge Design
- PC and Mac Compatible

The Plustek OpticBook 4800 is a fast, cost effective, simple, innovative solution for scanning books, magazines and bound materials. OpticBook 4800 includes everything you need to create searchable PDFs from your books, magazines and bound materials.

2mm Book Edge Design

An integral part of Plustek's SEE (Shadow Elimination Element) Technology, the unique book edge design (2mm) of OpticBook 4800 eliminates the book spine shadow and text distortion of traditional books while copying and scanning. The intelligent design avoids the need for a large, expensive overhead scanner or complicated image-

editing software.

Fast Scanning Speed

Ergonomic design for fast and efficient scanning. Scan speed only 3.6 sec. for an A4-size color, grayscale, B/W scan at 300 dpi.

Book Pavilion Software Simplifies Digitizing Books

Plustek's Book Pavilion software makes book scanning easy and efficient. Designed specifically for scanning books, the time it takes to digitize a complete book, or a few chapters, is minimized thanks to the intuitive user interface and scanning workflow.

Searchable PDF

Searchable PDFs provide higher security, reliability and easiness to transit and exchange documents while preserving the look and integrity of the original documents, including fonts, graphics, images and layouts. It can convert images into text that can be copied directly and be convenient to search by keywords to quickly find relevant paragraphs in entire articles and books.

- **Easy One-touch Buttons**

Single touch buttons simplify book scanning and increase scanning speed and efficiency. There is no need to go back and forth between your computer screen and the scanner to scan additional pages.

- **Adjustable Covers Design**

No matter how thick your book is, the scanner can hold your book smoothly with its adjustable cover design.

- **LED Light Source**

Conservation and green design. LED light source provides more uniform illumination, by using less power and provides better images.

Built-in Plustek OCR [1]

Convert by performing optical character recognition on scan images and transform them into searchable or editable formats including Microsoft® Word, Excel®, or searchable PDFs directly.

Multiple Platforms : PC and Mac Compatible

For Mac computer users, the OpticBook 4800 includes a fully featured driver, a simple yet powerful Scan software allowing you to get started right out the box. ICA support

and a simple yet powerful Scan software allowing you to get started right out the box.

Let's Book Your Own Story

The OpticBook 4800 scanner is perfect for libraries and schools to conserve a wide range of media including ancient books, magazines, and bound materials without being damaged !
