Designed for Books

Eliminates the Book Spine Shadow and Text Distortion

The Plustek OpticBook 3800L has SEE (Shadow Elimination Element) Technology with the unique book edge design (6mm). The SEE Technology eliminates the book spine shadow and text distortion of traditional books while copying and scanning.

Adjustable Cover Design

No matter how large your book is, the scanner can hold your book smoothly with its adjustable cover design.

BookPavillion Software Simplifies Digitizing Books

Plustek's BookPavillion software makes book scanning easy and efficient. Thanks to the intuitive user interface and scanning workflow.

Easy One-touch Buttons

Single touch buttons (Delete, Colour, Gray, B/W) simply switch button so you can choose which pages you need to scan colour or B/W to downsize the file. There is no need to go back and forth between your computer screen and the scanner to scan additional pages.

Compatible with Most Imaging Applications

The included industry standard driver, TWAIN, VIA and CIA, combined with TIF, JPG, and PDF format enables OpticBook 3800L utilizing thousands of imaging applications.

Creates Searchable and Editable Books and Documents

The OpticBook 3800L includes Plustek OCR (Powered by ABBYY® FineReader®) [1] that helps to convert scanned books and paper documents into searchable PDF, ePub and Microsoft Office file formats.

LED Light Source

The green design long life LED light source provides instant-on scanning with no warm-up and uniform illumination of book pages.

Versatile Media Handling

The A4 Book Scanner OpticBook 3800L is ideal for scanning a wide range of media including books, magazines, and bound materials - perfect for Government offices, libraries, and schools.
