- Control Surface for the [V-1200HD](#) Multi-Format Video Switcher
- Dual 7" LCD Touchscreen Displays
- Transition Control with T-Bar
- 16 Cross-Point Controls
- HDMI Video Out
- Redundant Power Inputs

Control all the advanced functionality of your [V-1200HD](#) switcher with the optional V-1200HDR Control Surface. The V-1200HDR provides a professional physical control surface for the V-1200HD with dual LCD touchscreens for monitoring and control, a large T-bar for effects and transitions, customization and operation of the mix effects buses, HDMI video outs, and many buttons for source switching.

Dual Touch Monitors

Dual touch monitors let you display different GUIs on the left and right. Incoming video signals from the HDMI connectors on the rear panel can also be displayed.

16 Cross Points

This broad range of cross-point switches affords a commanding view of 16 sources at one time. This is also switchable to either PGM/PST or flip/flop according to operator preference.

Positioner Joystick Control

Controls the PTZ parameters on up to 7 connected remote cameras.
