### **Features**

A custom case designed for transportation and storage of up to 5 XEEN CF cinema lenses and accessories. Designed and produced in Germany, it offers highly durable and reliable protection of equipment against dust, water, shock and damage. The case is closed with two snap fasteners, whose construction ensures reliable pressure and prevents accidental opening. The interior is filled with specially laser-cut, high-density polyurethane foam that protects the equipment from impact and prevents movement. Each lens is stored in a custom cut-out corresponding to its own footprint and there is a separate accessory recess for lens pouches, cleaning cloths, batteries, etc.
