

XEEN 135mm T2.2 EF

ProdCode: SAMYANG7994

Professional, manual focus, full frame, telephoto cine lens - Canon EF Mount

[\[Download Images\]](#) (.zip file)

Features

- Professional, manual focus, full frame, telephoto cine lens
- Features declicked gear rings in identical locations, so that changing to another lens is fast and easy
- Bright aperture and outstanding optical performance for broadcast in 4K+ resolutions

Bright T1.5 Aperture

With the T-number for bright performance, it makes it easy to take pictures at any exposure.

Minimized Flare and Ghost Effects with Ultra Multi Coating

By reducing the impact of flares and ghosting effects in your pictures while ensuring excellent image quality and contrast from the center to the periphery, it offers crystal clear, sharp image quality.

Optimal Cine Lens Design

With a 114mm barrel, FFG and stepless aperture, this is the perfect choice for shooting films.

Beautiful Bokeh with 11 Aperture Blades

Featuring 11 rounded blades, it adds an artistic touch to your pictures and creates a sense of soft dimension with incredible bokeh, perfect for out-of-focus portraits and night city landscapes.

Smooth Focus Ring

Smooth focusing ensures precise control and produces images with incredible sharpness, making it the ideal choice for indoor and night shooting.

In the box:

- Lens
- Front lens-cap
- Rear lens-cap
