- 18mm autofocus lens for full-frame format
- Compact and lightweight

Tiny But Super Wide

Breathtakingly lightweight with super wide angle of view,

Tiny but amazing in performance.

The AF 18mm F2.8 FE is the first ultra-wide-angle lens from the Tiny series lineup. Its unbelievable lightweight (145g), super wide-angle of view (100°), easily holdable in one hand, high performance and spectacular design make this lens perfect for mirrorless cameras and offer incomparable satisfaction to the users.

A Tiny, Ultra-Lightweight Lens

At 145g (excl. hood & cap), this is the most lightweight & compact lens in the current AF 18mm wide-angle segment. Without a heavy lens weighing you down, you can

effortlessly photograph every precious moment.

A Prime Lens with 8 Specialized Elements

A prime lens that contains 8 specialized elements out of 9 in total (3 aspherical, 2 high refractive, 3 low dispersion) means a high level of sharpness, with low chromatic aberration and minimal distortion, for excellent landscape pictures, indoor shots, travel photos, and astrophotography...all in high definition, with clear colours, allowing a beautiful finish to any photograph.

Employs a Linear Stepping Motor

The lens delivers fast & stable autofocusing by using a Linear Stepping Motor. The enhanced Samyang AF turns every moment into a work of art you can experience.

A Wide-Angle Lens with Depth

With the full-frame 100° angle of view of the AF 18mm F2.8 FE, you can capture sweeping vistas in one magnificent shot. Its ability to demonstrate a broad depth and perspective enables every photographer to show off their creative side.

The Ultimate Travel Companion

With minimal size, a wide angle-of-view and amazing definition, travellers can capture every magical vacation moment. The lens combines Samyang's signature refinement and colour rendering, all in one lightweight lens, made for travel.

A Multi-Use Lens for Any Occasion

Whether you want to capture nature's magnificence with a gimbal for stabilized filming, or even a drone, the AF 18mm F2.8 FE is the perfect compact lens to fulfil all your photography needs.
