Features

- Prima Series, autofocus, full frame, fast aperture, telephoto lens - Sony FE Mount
- Compact & Light weight - 71.5mm x 272g
- Superior sharpness at portrait distance
- Creamy bokeh
- Clear and Delicate Rendering

Compact & Lightweight

Weighing only 272 grams, the AF 85mm F1.8 P FE offers excellent portability without sacrificing image quality. It delivers sharp focus at portrait distances and creates smooth, creamy bokeh—perfect for everyday portraits and on-the-go creators.

Superior Sharpness at Portrait Distance

Designed for optimal distance in portrait photography, this lens captures sharp and detailed images that highlight your subject's unique features while enhancing the

overall quality of your work.

Creamy Bokeh

Designed to create rich, creamy bokeh that gently separates your subject from the background, offering seamless background blur and enhancing depth and professionalism in every portrait.

Clear and Delicate Rendering

The lens designed for delicate expression which captures every tone, texture, and transition with depth and subtle softness.

Newly developed high-strength material

By leveraging a unique, in-house engineered plastic, our lens boasts enhanced durability and an exceptional premium-quality finish.

Conducted Internal IP5-Level Tests

Tested to meet LK SAMYANG's internal standards for IP5-level dust resistance.

*The lens is not guaranteed to be dust-resistant in all situations and under all conditions.

New Hood Design for Superior Light Control

A newly developed lens hood effectively blocks unwanted light, reducing flare and ghosting in challenging backlit situations.

Intuitive Focus Control

The AF/MF switch and smooth focus ring on the lens barrel enable quick control, allowing effortless switching of focusing modes and precise adjustments.

Effortless Firmware Updates

The lens features a USB port for easy firmware updates, providing quick access to the latest software improvements.
