[\[Download Images\]](#) (.zip file)

### Features

- Prima Series, autofocus, full frame, fast aperture, wide-angle lens - Sony FE Mount
- Compact & lightweight - 70.5mm & 207g
- Perfect for Daily and Travel Shoots
- Minimum Focus Distance - 12cm
- Semi - Macro – x 0.33 magnification

### Compact & Lightweight

Weighing only 207g, the AF 16mm F2.8 P FE lens is the lens to grab first for outdoor adventures. It is perfect for sweeping landscapes, striking architecture and spontaneous street moments, excelling in handheld shooting, gimbals and on-the-go content creation.

### Perfect for Daily and Travel Shoots

Lightweight enough to carry all day, yet powerful enough to capture every moment.

This ultra - wide 16mm F2.8 P FE lens is the perfect choice for everyday snapshots, street photography, and breathtaking travel views — without the bulk.

## **Semi-Macro (FF) & Half-Macro (APS-C)**

- **Semi-Macro (0.33x Magnification)**  
Capture dynamic wide-angle close-ups with rich detail
- **Half-Macro on APS-C (24mm Equivalent)**  
Fill the frame with your subject while maintaining impressive wide-angle depth

## **Newly developed high-strength material**

By leveraging a unique, in-house engineered plastic, our lens boasts enhanced durability and an exceptional premium-quality finish.

## **Conducted Internal IP5-Level Tests**

Tested to meet LK SAMYANG's internal standards for IP5-level dust resistance.

\*The lens is not guaranteed to be dust-resistant in all situations and under all conditions.

## **New Hood Design for Superior Light Control**

A newly developed lens hood effectively blocks unwanted light, reducing flare and ghosting in challenging backlit situations.

## **Intuitive Focus Control**

The AF/MF switch and smooth focus ring on the lens barrel enable quick control, allowing effortless switching of focusing modes and precise adjustments.

## **Effortless Firmware Updates**

The lens features a USB port for easy firmware updates, providing quick access to the latest software improvements.
