Samyang AF 35mm F1.4 P FE

ProdCode: SAMYANG8035

Prima Series, autofocus, full frame, fast aperture, wide-angle lens - Sony FE Mount

[\[Download Images\]](#) (.zip file)

Features

- Prima Series, autofocus, full frame, fast aperture, wide-angle lens - Sony FE Mount
- High-end performance with practicality with a compact and lightweight design
- **Portability**
Unmatched portability with the lightest 35mm F1.4 lens for full-frame Sony E mount, weighing just 470g (16.6oz). Its compact design is ideal for on-the-go photography, perfectly complementing lightweight cameras like the Sony ?7C II and ZV-E1. Carry it anywhere, anytime, without compromise
- **Practicality**
Excels in delivering outstanding resolution, even at its maximum aperture of F1.4. It is particularly effective when used at its minimum focusing distance of 0.30m (0.98ft), ensuring sharp images in every shot. Additionally, the lens expertly minimizes focus breathing, ensuring high-quality results in both photography and videography applications
- **Convenience**
Redesigned to enhance user convenience across diverse environments. Equipped with robust weather-sealing and an intuitive USB port for firmware

updates, it offers ease of use under any conditions. Its fast and accurate autofocus performance ensures consistently outstanding results, making it a reliable choice for capturing high-quality images at any moment

Portability

470g, Unbelievably Light

With a small size that fits in one hand and a light weight of 470g, it matches perfectly with compact and lightweight cameras such as Sony ZV-E1 and ZV-E10 and is easy to carry anywhere at any time. Despite its great portability, it does not compromise on outstanding performance and practicality, making it an ideal lens for photographers who want the fast F1.4 lens for travel as well as everyday use.

Practicality

Excellent Resolution

The optical design, using 5 special elements (ASP 3, HR 1, ED 1) out of 12 lenses in 10 groups, provides excellent resolution even at the maximum aperture of F1.4. When shooting at the minimum focusing distance (0.30m / 0.98ft), the AF 35mm F1.4 P FE lens produces stunning contrast and outstanding sharpness. In addition, Samyang's advanced coating technology suppresses flare and ghosting and maintains superb image clarity.

Top-notch Focus Breathing Suppression

AF 35mm F1.4 P FE lens leads you to shoot video stably by suppressing focus breathing at the industry's top level. Even when the focus changes from close to infinity, the subject size changes are minimized, allowing for natural video production just like a professional.

Convenience

Sophistication and Durability Redefined

Enhanced Design & Robust Weather-Sealing

Meticulously redesigned with the user experience in mind. It features a new micro-pattern rubber focus ring for superior operability, while its matte finish and subtle hidden red ring enhance its aesthetic appeal. Engineered for durability, the lens is equipped with weather-sealing at five critical points to safeguard against water droplets, light rain, snow, and dust. This makes it exceptionally reliable for shooting in diverse conditions.

Maintain Optimal Performance

Easy Firmware Updates and Settings with USB Port

Equipped with a USB port, enabling straightforward firmware updates directly through a cable, without the need for a separate “Lens Station”. This enhancement simplifies the process, allowing you to easily update firmware and adjust AF and MF sensitivity settings anytime, anywhere. This feature not only enhances usability but also ensures your lens stays up to date with the latest enhancements effortlessly.

Accurate Autofocus for Every Shot

Fast & Accurate AF-C Performance Experience fast and precise autofocus performance with the AF 35mm F1.4 P FE. Featuring SAMYANG's Linear STM (Stepping Motor) technology, this lens swiftly and quietly handles large focus groups with exceptional accuracy. Capture stunning portraits, vibrant street scenes, and detailed travel photos under any conditions. Perfect for consistently delivering high-quality images.
