[\[Download Images\] \(.zip file\)](#)

Features

- Two-Channel Wireless Lavalier Microphones
- Two-channel wireless microphone for mobile set that pairs directly with your iOS or Android device using the Shure MOTIV video or audio apps
- Carefully designed to be as small and discreet as possible
- Created by the same Shure team behind the professional wireless microphone systems used by the world's™ leading artists, venues and festivals.
- 24 hours of recording on the go: MoveMic lavaliers provide eight hours of battery life within the microphone, with an additional two full charges ready in the convenient charging case
- MoveMic Two offers instant setup and connectivity, enabling you to record in seconds without missing a beat
- Realize the potential of receiver-free wireless, with two channels of high-quality audio transmitted directly to your phone
- Utilizing a custom acoustic design and proprietary wireless software, MoveMic achieves broadcast-quality audio quality beyond traditional mobile devices
- The free ShurePlus MOTIV apps allow you to customize your audio and video settings for optimal recording. Configure gain, limiter, EQ, compression, noise

reduction and record within the apps

- Add the MoveMic Receiver (sold separately) for added compatibility with DSLR and mirrorless cameras, computers, as well as popular third-party mobile apps
- Rated IPX4, MoveMic Two is designed to withstand rain, spills and splashes, ensuring your content is not limited by environmental conditions

MoveMic Two is a pair of wireless clip-on microphones for mobile content creators, videographers and journalists that connect directly to your smartphone. Portable and powerful, this microphone system provides up to 24 hours of superb audio recording. Quick and easy to setup, MoveMic Two is perfect for mobile creators needing an extra channel of high-quality wireless. Need additional camera and device connectivity? Consider the MoveMic Two Receiver Kit.

BUILT FOR BROADCAST QUALITY

Shure engineers tapped decades of wireless knowhow to build the best audio experience possible. Using a custom acoustic design and proprietary wireless software, MoveMic takes cable-free recording to new levels of broadcast quality.

The MoveMic Two allows you to record two channels of broadcast-quality audio directly to your smartphone with the Shure MOTIV Video and Audio apps. Built with a custom internal acoustic design and using proprietary wireless software, these lavaliers surpass traditional mobile device audio quality, making them a must-have for videographers, journalists and other content creators.

- **Small Mic. Big Sound**

The MoveMic lavaliers stand out for their petite design, packing powerful functionality into a form factor that will stay hidden in your next video.

- **Once Paired, Always Ready**

MoveMic Two is ready to record in an instant. Install the MOTIV app, pair your device and you're set. The mics will automatically reconnect next time.

- **Custom Acoustics. Unmistakably Shure**

Built with Shure knowhow, MoveMic Two uses a custom acoustic design and proprietary wireless software to make your content sound better than ever.

At the heart of MoveMic's superior performance lies our unwavering attention to audio quality and performance.

Crafted by the engineers behind the world's leading wireless systems, MoveMic harnesses nearly 100 years of audio experience to deliver superb sound.

Utilizing a custom acoustic design and proprietary wireless software, it produces broadcast-quality audio that exceeds traditional mobile devices.

With MoveMic, every note is crisp, every voice is clear, and every moment is captured with unparalleled audio fidelity.

In the box:
