### Features

The SLIK SH-707E is a sturdy, all-metal, 'Multi-action' panhead with quick release plate.

The simple one-handle lock-release system controls both pan and tilt movements. This style of head is perfect for tracking moving subjects with a spotting scope or binoculars.

It also uses a fast and easy to use quick-release plate to securely mount a camera or spotting scope on the tripod. The mount for the quick-release rotates 360 degrees and can be locked down, facing in any direction.

- Multi-action tripod head with single short handle for pan and tilt
- Perfect for tracking moving subjects with a spotting scope or binoculars
- Equipped with a dual-axis bubble level on the camera platform, easy camera horizontal adjustment
