

SLIK 504QF II

ProdCode: SLI3412

Full size tripod with 3 way fluid video head

[\[Download Images\]](#) (.zip file)

Features

- Full size tripod with 3 way fluid video head
- Adjustable control handle, which provides ultra smooth pan and tilt movement
- A broad top plate also creates great stability for use with longer lenses
- Bubble-level built into the base of the head

Looking for a tripod that is good for both video and still photography? Do you have a 75-300mm lens and want to a head that is good to use for tracking players while you shoot sports? The Slik 504QF-II Video tripod is good at both. It comes complete with a solid SLIK 3-way fluid pan head incorporating an easy to grip pan handle with full angle adjustments. The panhandle is long enough to give excellent leverage for smooth panning. There is a bubble level built into the base of the head quick leveling after set up. The head also has a video quick release plate for fast mounting and un-mounting of the camera.

The 504QF-II shares it tripod legs with the ABLE 300DX. They are easy to set up and fold down securely. Simply loosen and tighten the leg lock knob to extend or shorten them. 3 position leg locks make for easy set up on uneven ground or steps. Combine it

with the 504 QF II / 300DX Short Column and it lowers to 450mm for low angle or macro videography.

This lightweight video tripod weighs 2.57kg and folds down to 690mm. It's an excellent tripod to take on location.

In the box:

- 504QF II video tripod and user manual.
