Features

The SLIK quick release post 6121 is the replacement 1/4 20? thread QR post for the U212, U212 DX and other legacy tripods.

The metal post includes the industry standard 1/4 20? thread for mounting to film and digital cameras. The patented design creates a solid slip free connection between the post and camera to prevent camera drift. Due to its design the post does not require a tool for mounting to the camera.
