

## SLIK PBH-535AC

**ProdCode: SLI3489**

Arca-type Ball Head

[\[Download Images\]](#) (.zip file)

### Features

- Arca-type Ball Head
- Independent ball tension dial
- Independent pan dial with degree markings
- U-Shaped groove: switch horizontal to vertical
- Max load - up to 11.0lbs.
- Quick Release Plate Included - 6507

The compact professional SLIK PBH-535AC is an Arca-type compatible ball head designed for photographers on the go.

The 535AC features a slim profile, weighs 13.4 ounces, includes a universal Arca-type quick release platform so you can use just about any Arca style quick release plate, L-bracket, and is even compatible with backpack "Clip" design plates.

It includes 3 control knobs to control the functions of the head.

1. Large Lock/Release Knob to control framing

2. Tension knob to control the friction of the ball movement
3. Pan Knob controls 360° panning left and right independent of the ball movement

The lock release knob is also spring-loaded. Simply pull the lock knob away from the head and rotate it to your preferred placement.

The head includes a single U-notch for greater flexibility of camera position. You can point the camera straight up or down and shoot horizontal and vertical frames.

The 535AC has a load capacity of 11 lbs and is capable of supporting full-sized professional cameras and lenses.
