Quick Release Plate for DQ-L

[\[Download Images\] \(.zip file\)](#)

Features

- Quick Release Plate for DQ-L
- Super thin, low-profile, all metal plate
- Standard 1/4 20? threaded screw for mounting

The Slik Quick Release Plate DQ-L is the replacement 1/4 20? thread QR plate for the SBH-320DQ Ball head and DQ-55 Quick Release adapter.

The super thin, low-profile, all metal plate includes the industry standard 1/4 20? threaded screw for mounting to film and digital cameras. The durable cork pad creates a solid slip free connection between the plate and camera to prevent camera drift. The plate also uses a tool free mounting design so you do not need a coin or screwdriver to securely attach the plate to your camera.
