The SLIK Quick Release Plate 6513 is the replacement 1/4 20? thread QR plate for Arca-Swiss compatible tripod head for SVH-520.

The all metal plate is 62mm long and includes the industry standard 1/4 20? threaded screw for mounting to film and digital cameras. The screw is adjustable to provide accurate positioning on the camera for fine-tuned balance. The durable rubber pad creates a solid slip free connection between the plate and camera to prevent camera drift. The plate also uses a tool free mounting design so you do not need a coin or screwdriver to securely attach the plate to your camera.

Also, it has a reversible Video Boss Plate that can be easily removed and flipped over when attaching a scopes or photographic cameras that does not have a hole.
