Zero Desktop Footprint Mounting Solution

Using the PuckCuff, you can free up desk space and mount your eGFX Breakaway Puck to the back of a monitor with open VESA mounting holes (VESA 75 and VESA 100 hole patterns supported). The PuckCuff bracket is secured with provided hardware, and provides simple cable management. To further cut down on cable clutter, Sonnet includes a 0.5-meter DisplayPort cable in the kit to connect between the Puck and your display. The kit also includes parts that enable it to be attached to virtually any multi-monitor stand on any shaped stand upright or monitor arm.

VESA Mounting Bracket Kit: Mounts Your Puck to the Back of a Monitor or Multi-Monitor Stand

The PuckCuff bracket features a sturdy steel frame with a refined, durable finish and soft rubber pads to prevent scratching, and provides a perfect space to place your Puck
