Features

- Accessory Tray for RackMac mini (2024+) with Front Panel Cable Passthrough Openings
- Adds Space – 6-inch shelf provides extra room to place larger peripherals behind Mac minis
- Easy to Install – Requires only four screws (included)

RackMac mini (2024+) is designed to take up as little room as possible, but there may be situations when you need some extra space behind the computers to place larger storage devices, KVM switches, USB hubs or other peripherals. Install the xMac mini (2024+) Accessory Tray on the enclosure to add an additional six inches of depth, perfect for connecting the devices you need, but shallow enough to keeps the total mounting depth to just 11 inches.
