- Easy to Install and Use
Slides over cable and connects to device.
- Won't Get Lost
Remains on cable, even when disconnected

ThunderLok-A Connector Lock for Thunderbolt 5, 4, and 3 Cables

Sonnet ThunderLok-A prevents accidental disconnections of Thunderbolt 5, 4, and 3 cables when used with Sonnet devices that support ThunderLok connections.

Note: ThunderLok-A not compatible with Thunderbolt 4 cables included with Sonnet Solo10G Thunderbolt Adapter and Echo 20 Thunderbolt 4 SuperDock. These devices

require ThunderLok-B connector locks.

Added Security

Thunderbolt connectors rely on friction to stay in place, which works well in stable setups, but can lead to accidental disconnections if equipment is moved. A disconnected cable can cause lost files or interrupted projects. ThunderLok-A connector lock secures a Thunderbolt cable to compatible ThunderLok Sonnet products, ensuring a reliable and uninterrupted connection.
