### Features

#### Versatility for all your needs

Wise card readers offer ultra-versatile solutions for the world's leading recording media. It combines USB-C industry standard with USB 3.1 Gen2 interface, delivering speeds of up to 10 Gb/s for twice the bandwidth of a USB 3.0 interface. With its unique write protect system and sleek aluminum casing, your valuable footage is protected in style.

- **Designed For Professional Filmmakers**

Built to handle high-end media, Wise is committed to manufacture compact card readers to transfer your hard-earned footage fast and safe.

- **Bursting Speeds Of Up To 10 Gbps**

With a blazing-fast 10 Gbps read speed, you are able to transfer RAW images, high-res photos, and HD, 3D, and 4K video with ease.

- **Full Range Of Choices**

Wise card readers support general CFast™ 2.0 & SD™ cards to leading branded proprietary recording media.

- **Built-in Write Protect Switch**

With our proprietary write protect switch design, filmmakers can avoid the risk of losing their precious footage.

- **Aluminum Design**

The sleek aluminum design is not only solid, but also protects the drive from overheating.
