## You Are In Control (of Your YoloBox)

15 LCD keys poised to trigger unlimited actions. One-touch tactile operation lets you start/end live stream, start recording, switch video source, add graphics, adjust audio,

launch instant replay, adjust scoreboard and so much more, while visual feedback confirms your every command.

## **Customization, Precision and Flexibility**

When you tap a key you trigger an action. What that key does is your decision. Simply drag and drop actions from the list on the right onto the keys. Instantly switch video sources, introduce overlay, feature a comment, access audio mixing, and launch instant replay - all at the touch of a button. Bring total freedom to your YoloBox streaming and streamline your video production workflow.

## **Never Been Easier & Faster**

Move through workflows with lightning speed and fine-tune adjustments at the touch of a button. All Controls you need for YoloBox are right at your fingertips, so you can deliver the best experience to your audience with confidence.

## **Your Entire Setup at Your Fingertips**

You are not confined to just the 15 keys. Create unlimited pages of buttons tailored to any of your live streaming scenarios. Effortlessly navigate through pages on the fly, ensuring you always have the right actions at your fingertips for a seamless and dynamic live stream experience.
